6.24.3. Fish data

It is envisioned that the biological monitoring stretch of Danby Beck is likely to be fishless, however funds are being sought to electrofish the stream in order to confirm this.

6.24.3.1. Summary of Trout fry densities (numbers m\(^{-2}\)), Danby Beck

Not fished.

6.24.3.2. Summary of Trout parr densities (numbers m\(^{-2}\)), Danby Beck

Not fished.
